

Engineering the Moon: The Engineering Challenges of being on the Moon – Engineers Week CPD

This free, 2-hour course will show participants how to use inquiry based learning techniques to promote children's learning and understanding of Science, Technology, Engineering and Maths (STEM). Participants will also explore activities that support the theme of [Engineers Week](#). These have been developed from ESERO and Discovery Primary Science & Maths resources.

This course is being offered with the support of [Science Foundation Ireland](#) and [ESERO Ireland](#) (European Space Education Resource Office).

Science Foundation Ireland Discover Science & Maths Award

Engineers Week is an opportunity for primary school students and teachers to learn more about engineering, have fun, and win prizes. Running or attending an Engineers Week event counts towards the criteria for the [Science Foundation Ireland Discover Science & Maths Award](#).

Tea and coffee will be served at the start of the session.

Note: all sessions require a minimum of 10 participants to run

Date:	13 th February 2019
Time:	6pm to 8pm
Please book on	www.ecdrumcondra.ie

For further details of the course content, please contact Frances McCarthy of Blackrock Castle Observatory by email: frances.mccarthy@bco.ie or visit [CIT Blackrock Castle Observatory Education Website](#)
