Angela Donnelly Senior Housekeeper

Carmel Donnelly Assistant Housekeeper

The only way around is through.

Robert Frost

Welcome to all of you gathered here this evening for the annual general meeting of Drumcondra Education Centre (DEC). It gives me great pleasure to address the meeting on behalf of the Management Committee.

It has been yet another hectic and productive year for the Centre with the combination of existing services and events merging together with newer ones, in an almost seamless fashion. The Director's report describes these activities in a comprehensive way so I won't go into details of individual programmes, events or services here. The Centre's reputation for being a welcoming and efficient Centre is firmly established. It is hard earned and well deserved. Its reputation as a centre of innovation continues to grow too. Programmes and initiatives spawned in Drumcondra have been rolled out in other Education Centres throughout the country (e.g. the mediation skills programme developed by CRE - Conflict Resolution in Education). DEC is truly a thriving Education Centre and one cannot but be duly proud of all that we provide and facilitate here. Thank you to all who contribute to these programmes and initiatives. Thank you to the school communities and teachers who avail of our services and we look forward to continuing to endeavour to meet the needs of all our users.

Last year, in my capacity as chairperson, I reported that a review of Centre management, administrative and operational structures and processes had been completed and that the Report emanating from that review (conducted by Ms Patricia Conroy of 'Results Through People') had just been received. Since then, significant progress, based on recommendations of the Report, has been achieved. New staffing structures have been put in place and the appointment of a Centre Operations Coordinator has occurred. All staff contracts and relevant policies have been reviewed and updated. In addition, some office refurbishments has occurred.

The quote from Robert Frost above captures the essence of what this year has been about in many ways. Challenges have been faced head-on and rather than avoiding the "stuff of hard things", we have confronted them in a manner of true professionalism. This has been achieved because of the wonderful staff and Management Committee of DEC. The person at the helm of operations is Dr Eileen O'Connor. Eileen continues to provide great leadership in her role as Director of DEC. Her vision, educational expertise and business acumen are exemplary. Her commitment and dedication to the Centre is outstanding. She is currently Chair of ATECI and we are very proud of this achievement. We are also proud of the esteem with which our Director is held not just in national circles but also internationally.

The staff of Drumcondra Education Centre is a cohesive, energetic, friendly and professional team who provide an excellent quality of service. Their hard work and commitment is acknowledged by all who enter the Centre and avail of its services. To Dee Coogan, Centre Administrator, Rosemary Cadwell, Centre Operations Coordinator, Jennifer Norton, Centre Bookkeeper, Jackie Daly, Jackie Delaney, Angela Donnelly, Carmel Donnelly, Rachel Dunne, Grainne Haughney, Bernie Howard, Aoife Lewis, Piotr Malinowski, Valerie Norris, and Bridget Quigley - thank you for all that you give to the Centre and for the generous manner with which you do your work. Thanks also to other support staff and companies who support the work of the Centre.

Final thanks goes to the members of Management Committee who work in a voluntary capacity to oversee the running of the Centre. They give of their time and expertise in a willing way and we are indebted to them all. The working structure of subcommittees of Management Committee has ensured that necessary groundwork in relation to various matters has occurred before Management Committee meetings and this has greatly assisted in informed decision making and the overall smooth running of Management Committee meetings-

The Financial and Legal Subcommittee comprising of Tim Hurley (Deputy Chairperson), Mary Friel (Treasurer) and Brendan Culligan (Assistant Treasurer) and myself, continues to monitor and manage the Centre's finances. Thank you to its members for their commitment to ensuring that our fiduciary responsibilities are carried out in a transparent way.

A staffing sub-committee was set up this year and its role in implementing the recommendations of the Centre Review Report was invaluable. We are hugely indebted to Tony Healy, Marian Farrelly and Eithne Deeney for taking on this onerous task.

The ICT Sub-committee comprising Tim Hurley (Deputy Chairperson), Tony Healy and Cathal O'Connell continues to support Centre IT developments and projects. Thanks to them for their time and forward thinking.

The CRE Sub-committee comprising, Marian Hackett (CRE sub-committee Chairperson), Ann O'Reilly and the Director was set up in September 2012 to oversee the development of the Centre CRE project. Sincere thanks to both Marian (retired committee member) and Ann for their time and expertise.

This year we bade farewell to David Martin a long-standing member of Committee who represented the post-primary Community and Comprehensive sector. We thank him for his work and wish him well in his retirement. In David's place, we welcomed a new member to committee, Karol Sadleir, of the Donahies Community School.

As we enter into the year of the 40th anniversary of Drumcondra Education Centre, we will spend time looking back at the past with nostalgia and pride, celebrating landmark developments of the Centre. It is fitting that we engage in this celebration at a time when following the significant

developments of this year, we will also be entering into a year of consolidation and bedding down of new practices.

It has been a privilege to serve as Chairperson of Management Committee during the past year.

Cora O'Farrell Chairperson March 2013.

1. Introduction

It is my pleasure, as Director, to welcome you to the Centre's 2012 Annual General Meeting.

In spite of the ongoing difficult national economic climate, I am happy to report that the past year has been busy and productive in all areas of Centre business. The core work of the Centre grew and developed over the past year and we continue to deliver an ever increasing range of services to the local and national education community which we serve. I want to thank all those associated with the Centre for their contribution to the wide range of events, projects and programmes we provide. The complex and varied work successfully executed on a daily basis is due in no small way to the professionalism and the commitment to excellence of all the Centre Community - Management Committee, Staff, Course tutors and the many colleagues from outside agencies with whom we collaborate.

2. A Changing Landscape

2012 was a challenging year in many respects. The ever evolving and rapidly changing National education context continues to put extra demands on all Centre resources. In particular the reconfiguring of the structures and services within the PDST and the introduction by the Teaching Council of compulsory induction training for all newly qualified teachers (NQTs) required us to rise to a number of challenges, not least catering for the induction needs of 600 NQTS! A positive in all of this however, and an important feature over the past year, is the recognition by the relevant National providers of the need for ongoing dialogue and discussion both with Centre Directors and key administrative staff who are crucial in overseeing the implementation of programmes and developments.

In response to the emerging national crises with regard to student mental health issues, the DES has recently engaged in discussions with all stake holders regarding anti-bullying and suicide prevention strategies for schools. It is expected that DES guidelines will be forthcoming on both of these issues in early 2013. It is also interesting to note that the Summer Course Guidelines for 2013 also include courses for teachers relating to mental health and bullying. However, the Drumcondra Education Centre has always been aware of the importance of both the relational and emotional aspects of teaching and the importance of the development of relevant skills regarding this both in teacher formation and continuing education. Over the past 10 years the Centre has worked in collaboration with Fiona McAuslan to develop Conflict Resolution Education (CRE) programme for teachers. The courses are delivered during the school year and also as part of the Summer Courses programme. The Centre's most recent and flagship development in this area in 2011 is the MII accredited Mediation Skills Training Programme. Developed by the Centre particularly for those working in education, this course has proved very popular and successful and has so far been delivered in 3 venues during 2012 in the Drumcondra, Enniscorthy and Sligo Education Centres to a total of 65 participants, most of whom are engaged in education. In addition to the ongoing need for teacher and student up-skilling in this area, there is also an emerging need within school communities for

dedicated *Mediation Service* to work with staffs, students and parents. We continue to work closely with Fiona McAuslan to progress our plans for this project (Appendix 1, p44.) I wish to thank Fiona for her commitment to the development of this work in the Centre and also Aoife Lewis for her efficient administration of the CRE programme across all venues. We are also delighted to have signed a protocol with the **Edward M Kennedy Institute for Conflict Intervention** (NUIM) and continue to work with the Institute in sharing and co-hosting events that are identified as important for the area of conflict resolution education.

2012 was a significant year for the work of Management Committee in 'futures proofing' the internal management and administrative structures of the Centre. Cognisant of the challenges, both external and internal, that we were facing, in October 2011 Management Committee employed the services of Patricia Conroy, Managing Director, 'Results through People' to examine current Centre management, administrative and operational structures and processes. Having interviewed the majority of staff and Management Committee, her Report, published in January 2012, outlined a range of recommendations to Management Committee for the future development and sustainability of the Centre. It is indeed to the credit of Committee, in particular the *Staffing Subcommittee*, *Tony Healy, Marian Farrelly and Eithne Deeney*, together with all staff that, through a positive working partnership, a number of changes were implemented to ensure the successful management and governance of the Centre into the future. The appointment of a new staffing position - Centre Operations Coordinator, the updating of all Centre staff contracts in line with current legislation and good practice and the refurbishment of Centre offices were among the most significant outcomes.

The DES prohibition on publications and printing costs has signalled the need to use our ICT facilities to connect with our education community. The refurbished Centre website, our web-based interactive database for teachers and schools, web text-messaging together with the recently developed social media facilities: the Centre i-phone App., Facebook and Twitter enable enhanced communications with all Centre clients. Discussions are also underway with St. Patrick's College to link the Centre with their HEAnet broadband in 2013. This will greatly enhance our broadband speed facility. A sincere thank you to the College Authorities and in particular to *Mr. John Hammond*, IT Services, St. Patrick's College, for his support in progressing this.

3. Events

Over the past year the Centre hosted a number of important events, including International speakers, on a range of educational themes. All events were well attended and well received. They included:

February 9th: The launch of the book 'Enhancing Practice through Classroom Research" – A teacher's guide to professional development. Authors: Caitriona McDonagh, Mary Roche, Bernie Sullivan & Mairin Glenn, by Professor Mark Morgan

- May 14th: A seminar on 'Complaints Handling in Schools A Positive Way Forward? This
 Seminar explored with School Leaders, Members of School Boards of Management,
 Management Bodies and Policy Makers how best to handle the range of complaints which
 arrive daily on the Principal's desk and how to achieve a balanced response and the best
 possible outcomes for all involved.
- October 10th: Joseph Driessen, a renowned international speaker, facilitated a presentation for teachers and school leaders on "7 Ways to Improve Boys' Education in Your School" and October 11th: 'Parenting Children for Success at School for parents.
- October 15th & 16th: 2-day Seminar on 'Cyber Bullying & E-Safety " with Adrienne Katz.
 Adrienne worked for 6 years for the Anti-Bullying Alliance in the UK, serving as Regional Coordinator for 14 local authorities of the West Midlands in England. She has many years experience, leading a wide range of projects from design to delivery
- Two International groups of teachers from **Iceland** and **the Czech Republic** visited the Centre on May 28th and May 30th respectively.
- We were delighted to host the 2nd year of the 2-year *TL21 Transfer Initiative* in collaboration with NUI Maynooth (NUIM), involving teachers from 7 local post-primary schools. This was the final year of the project in its present form as the funding support is now finished. We enjoyed an exhibition of the projects and a celebration of the collaborative learning among participants in the Centre on the evening of May 1st 2012. The challenge for us all is to see how this worthwhile endeavour can be funded and sustained within the post-primary sector into the future.

4 Centre Management and Administration

4.1 Management Committee

As I outlined above, I am hugely indebted to Committee, who as busy professionals in their own right, demonstrate an unwavering commitment to the overall corporate governance of the Centre. I wish to acknowledge their generosity of time in attending meetings, their wisdom, practical advice and support. I am particularly grateful to **Cora O'Farrell, Chairperson,** for her constant support and encouragement. We welcomed **Karol Sadleir**, the **Donahies Community School**, to Committee in the Autumn term in her capacity as a post-primary representative. Karol replaces **David Martin, Mount Temple Comprehensive School**, who served on Committee for many years. We wish him every success in his retirement.

The role of the *Financial and Legal Subcommittee* continues to expand in its complexity due to the growth of Centre business over the years. The monitoring and management of the Centre's finances is an increasingly onerous task! I thank the team *Tim Hurley (Deputy Chairperson), Mary Friel*

(*Treasurer*) and *Brendan Culligan* (*Assistant Treasurer*) together with Cora for their constant positivity, their insights and advice and for their time in attending extra meetings.

As outlined earlier, the *Staffing Sub-committee*, was hugely instrumental in overseeing the recommendations of the Centre Review Report. The *ICT Sub-committee* comprising *Tim Hurley*, *Tony Healy and Cathal O'Connell* were also pro-active in the advice and support of Centre IT developments and projects. The *CRE Sub-committee* comprising, *Marian Hackett* (Chairperson), *Ann O'Reilly* and the Director was set up in September 2012 to oversee the development of the Centre CRE project. We are grateful to both Marian (retired committee member) and Ann for their time and expertise.

4.2 Centre Staff.

The warm, positive and business—like culture of the Centre is due in no small way to the calibre of the staff with whom I am privileged to work and who support me on a day-to-day basis. I am indebted to them all for their commitment to the Centre and for their professionalism, spirit of collaboration and team work.

2012 was a difficult time for a number of staff due to illness and family bereavements. We extend our sympathies to all those who lost loved ones and wish those who have been ill a return to full health. I know I speak for Management Committee and all who visit the Centre when I extend a sincere thank-you to *Dee Coogan, Centre Administrator*, to *Rosemary Cadwell, Centre Operations Coordinator* and to the rest of the team: *Jackie Daly, Jackie Delaney, Angela Donnelly, Carmel Donnelly, Rachel Dunne, Grainne Haughney, Bernie Howard, Aoife Lewis, Piotr Malinowski, Valerie Norris, Jennifer Norton and Bridget Quigley for their work and the high standard of courtesy and service they give to the education community that we serve.*

The finance team, *Jennifer Norton, Centre Bookkeeper* and *Michael Lyng, Centre Accountant*, oversee the complex area of Centre finance. I am indebted to them for their expertise, professionalism and attention to detail. Their rigour of adhering to DES / Centre financial guidelines and their high standard of financial reporting both to myself and Management Committee are greatly appreciated *by us all*.

I am deeply grateful to Bridget Quigley, Centre Receptionist who encapsulates the spirit of the Centre with her unwavering courtesy, helpfulness and her calm problem-solving approach to all difficulties. Bridget is ably supported at the front desk by Piotr Malinowski.

As I mentioned earlier, we have a new position of *Centre Operations Coordinator. Rosemary Cadwell* was appointed to this position in September 2012. She combines it with overseeing the Centre's IT/Communications structure and strategy. Her positivity, energy, openness and her support and commitment are very much appreciated. We wish her every success in her new and demanding role.

I wish to express my thanks also to *Angela Donnelly, Centre housekeeper*, who with the assistance of *Carmel Donnelly*, ensures that we have a high standard of refreshments, orderliness and cleanliness at all times.

Our evening and weekend support staff, *Hanna Murphy*, *Laura Bryant*, *Kevin Beakey and Shane Bodkin* also deserve a big thank you for ensuring the smooth running of the Centre for evening and weekend events.

Continuing professional development for staff is an ongoing priority of Management Committee. In 2012 we continued the practice of allocating a day or two each term for staff training and development and for what we call 'catch-up' time. These days, together with the monthly staff meeting, give us all an opportunity to connect, reflect and share ideas on the different projects and areas of Centre business. During 2012 areas for staff development and training included:

25 th Jan	CRE-Online Modules
2 nd April	TAS Training
18 th May	Database 'Room Booking System' Training
24th Oct	CRE Mediation Programme
8 th Dec	NCTE Training
19 th Dec	CPR Training

I wish to pay tribute also to the work of the professional staff in the Centre, *Dr. Anne Brosnan* (*National Coordinator Project Maths*), her team of RDOs and to *Frances Shearer* (*National Coordinator, RSE*). I thank them for their professionalism and their willingness to be of support and assistance at all times both to me and Centre staff.

5. Teacher Professional Development

5.1 National Programmes

The National Induction Programme for Teachers (NIPT)

As I mentioned above, the introduction of compulsory participation by newly qualified teachers (NQTs) in the National Induction Programme for Teachers (NIPT) brought 600 NQTs to our doors in early September. This was the largest cohort to be administered in any Centre. It required the setting up of 20 different groups and the sourcing of venues and tutors for approximately 240 distinct events as each of the groups has to be facilitated in each the 12 programme modules, with a 2-week turn around for each module. The complexity of the roll-out coupled with the monitoring of the membership of groups and the overall attendance of NQTs cannot be underestimated especially as many of the unemployed NQTs shift between groups and Centres as they move around the country to do substitute work in schools. This administrative challenge was handled by our 'front of house' team, led by Rosemary Cadwell who is assisted by Piotr Malinowski, Bridget Quigley and Aoife Lewis. We are indebted to the National Coordinators, Mary Bourke, Billy Redmond and their team who are always available to us for advice and support. The NIPT policy on attendance, which involves refusal of entry 10 minutes after the commencement of the session, has created a number of difficulties not only for NQTs who arrive late but also for Centre staff and NIPT tutors who can find themselves in a 'policing' role and challenged by unhappy NQTs. Furthermore, the 2-week module turn-around is particularly challenging when 20 odd groups have to be facilitated within what amounts to 8 working days as sessions are not held on a Friday. We would hope that these issues might be addressed by the Programme management prior to the commencement of next years' programme in September 2013. A sincere thank you to Sally Bonner and her team, Donegal Education Centre, for their efficient administration of this complex programme.

The Professional Development Service for Teachers

The newly configured PDST came into being in September 2012. We wish the team under the guidance of *Joan Crowley O'Sullivan, Director*, every success in their work. Most of the autumn term was spent reorganising new structures and processes. Drumcondra is delighted to be assigned the administration of the national *Numeracy* base within these new structures. A sincere thank you to both *Jacqueline Daly and Jackie Delaney*, administrators in the PDST 'numeracy base' office, for their overall insights and support in setting up the new administrative processes. My thanks also to *Valerie Norris* who has recently taken on the administration of all other PDST work in the Centre. I thank all the members of these national team for their engagement with us during 2012 and for their support and courtesy to all Centre staff.

Project Maths

We are delighted to host this significant national project under the leadership of *Dr. Anne Brosnan* and her team of RDOs. The work of the project is outlined in Anne's report (Appendix 2, p.46). I wish to thank *Grainne Haughney, Project Maths Administrator* and her assistant *Rachel Dunne* for their work in ensuring the efficient and smooth administration of this initiative.

ICT

The former NCTE has being subsumed into the PDST and is now known as PDST (Technology in Education). It continues to be funded separately. The administration of our ICT course programme (Appendix 3, p.48) is currently administered by *Valerie Norris*. Valerie works in close co-operation with PDST (Technology in Education) and our ICT tutors to organise and oversee the delivery of a broad range of courses to meet the needs of our teachers and schools. I want to thank her for her professionalism and efficient administration of all aspects of this programme in the Centre

RSE/CPG

As indicated in *Frances Shearer's* report (Appendix 4, p.52) the support and work of the RSE programme continues to be in great demand at both primary and post-primary level and provides a very worthwhile service to schools. The responsibility and administration of the training on the Child Protection Guidelines at post-primary level is being co-ordinated by the RSE support service. This has increased Frances' work and also the administrative support provided by the Centre. All of the RSE /CPG administrative work is currently managed by *Bernie Howard*. I want to thank Bernie for her commitment and efficiency in overseeing the various and complex organisational aspects of the programme administration.

Board of Management Training

Working in collaboration with the Management Bodies, the ongoing training of all Primary and Post-Primary BOMs is a high priority of the DES. The administration of meetings between the TES and Management Bodies and of the DES funding is overseen by Centre staff. I am indebted to *Dee Coogan, Centre Administrator* who liaises with the TES and the Management Bodies to ensure the smooth running of this project and to *Jennifer Norton*, Centre Accounts, who oversees the funding for the training of Board members.

Cursaí Samhraidh

The Centre continues to administer the national roll-out of the Summer Courses Programme for primary and post-primary school teachers on behalf of the Teacher Education Section, DES. The Centre Administrator, *Dee Coogan who, supported by Aoife Lewis* and Piotr Malinowski, coordinates the programme in the Centre, works closely with TES personnel to oversee this complex process. I am indebted in particular to Dee for her efficiency and attention to detail in ensuring the smooth processing of this national project.

The national statistics with regard to Summer Courses highlight the changing trends with regard to uptake with a now close to 50-50 split between those engaging in face to face and online courses.

National Summer Courses	Programme 2012
Final No. of Delivered Courses: 6	76
The 676 completed courses include	e both on-line and face-to-face
•	ar face to face course and 147 were
online courses	
Course Participants:	
■ On-line course	S
	Males: 2161
	Females: 14961
	Total: 17122
■ Regular course	25:
	Males: 1230
•	Females: 9609
•	Total: 10839
Overall totals:	
•	Males: 3391
•	Females: 24570
-	Total: 27961

AISTEAR

The **Aistear** Initiative, the early school programme, is a collaborative project between the Network of Education Centres and the NCCA. It is in its fourth year and we have offered the full range of workshops to teachers in our local area. *Mary Hough, Director, Sligo Education Centre*, plays a key role in the development and roll-out of this initiative for the national network of Centres. I am truly grateful to our local tutors, *Sorcha Brennan, Judy Evans and Fiona Giblin*, for their support and work in the delivery of workshops and the summer courses in this area and we look forward to its continued success into the future.

5.2 Centre Local Courses and Initiatives

I am indebted to **Dee Coogan, Centre Administrator** for her support to all of our local course tutors and for her efficient and effective organisation of the advertising and administration of the Centre's local and summer courses. I also wish to thank the many tutors who supported us in the design and delivery of our elective programme in 2012.

The 2012 local course data (Appendix 8, p.58) highlight the range of elective courses available to Teachers, Principals, Boards of Management, Parents and ancillary school staffs in the Centre. The role of *Teacher Professional Networks (TPNs)* at post-primary level, of which the Centre currently hosts 7, and *Teacher Professional Communities* (TPCs) at primary is also important in capacity building at local and national level (Appendix 11, p.66).

The Centre also hosted the *Tóraíocht Post Graduate Diploma in Educational Leadership* (*PGDEL*) Programme for 2011-2012 (Appendix 6, p56). This programme for aspiring school leaders is under the direction of the leadership team in PDST, in particular *Carmel Lillis*, who in collaboration with NUIM facilitate a range of "face to face" and on-line sessions in parallel with individual and group projects and presentations. We are delighted to participate in the roll-out of this initiative and look forward to being involved again in 2013-14.

6. Centre Links

The wide range of groups with whom we work and interact in different ways is highlighted in (Appendix 14, p.69). These include Teacher Professional Networks, Teacher Professional Communities, subject associations, management bodies, subject support groups and national bodies. All of these interactions and connections are invaluable to the Centre in ensuring a

broad based clientele, in generating an income and more importantly in ensuring that we have an input into how we might collaborate in addressing the needs of our school communities.

The Centre is delighted to work in collaboration with *youngballymun* in the delivery of its *Write-Minded Literacy Strategy* and *Incredible Years Programme* (Appendix 5, p.53) *Youngballymun* is a community literacy initiative which works with children, families and the community as a whole to improve education and wellbeing outcomes for all. My thanks to *Eleanor McClory* (Chief Executive), and *Paddy White*, (Finance and Administration Manager) for their ongoing support. I also wish to compliment *Breege Breheny*, Incredible Years Coordinator and *Martina Gannon*, Write Minded Literacy Coordinator, and *Lana McCarthy*, Community Literacy Coordinator, who are employed through the Centre, for their work on behalf of the youngballymun project.

The Centre is the *administrative base* for:

- The Society for Management Education Ireland (SMEI) for which we also manage accounts. The Centre hosts the Society's seminars and committee meetings and I am extremely grateful to Valerie Norris for administering this.
- The Education Studies Association of Ireland (ESAI). I am indebted to Valerie Norris for her efficient administration on behalf of the Association.

The Centre is also a member of and in ongoing contact with a number of international agencies. These include *The British Education Leadership, Management and Administration Society* (BELMAS), The European Network for International Research and Development in Education Management (ENIRDELM), The European Forum for Education and Administration (EFEA), The Standing Conference on Teacher Education North and South (SCoTENS), The Zurich University of Teacher Education and the Department of Education, University of Iceland, Reykjavik.

We also host and make presentations to visiting European groups on behalf of **Léargas and St. Patrick's College, Drumcondra and the DES.**

7. Conclusion

I look forward to the year ahead and to working with the Management Committee and staff as we continue to enable the Centre to develop and grow as a central hub for the continuing professional learning of the local education community that we serve.

There is much we wish to achieve. As always, the key focus for us is to continue to develop as an organisation, to engage with our education community and to facilitate the continuous improvement of the teaching and learning in classrooms.

Finally, I wish to express my gratitude to the staff of the Teacher Education Section (TES) and in particular to the Principal Officer, **Eddie Ward**, for their continued advice, support, and encouragement during 2012.

Dr. Eileen O'Connor Director, March 2013.

TREASURER'S REPORT 2012

I am pleased to present the 2012 Financial Report for Drumcondra Education Centre. The statement of accounts as presented by Noel Ryan & Associates, Centre Auditor, is contained in the Annual Report. The auditors are to be complimented on their meticulous attention to detail during their work on the accounts. Evidence of this is in their very comprehensive report and in their prudent recommendations with respect to all aspects of the Centre finances.

This year a mid-year audit review was conducted for the first time. While there is a financial cost it has been useful in that it has enabled ongoing refinement to the financial processes and procedures in the Centre.

It has been another very busy year for the Centre providing professional development to many in our education community on reduced budgets and yet maintaining high standards. Centre funding is complex in that less than half of its total operating costs, including salaries, is a direct annual stipend from the Department of Education & Skills. The remainder must be generated from renting of the Centre facilities to independent education / training agencies and from the administration of a number of National CPD projects for the DES.

As always the finances of the Centre are managed well. In spite of reduced budgets and increasing demands a number of very necessary investments were made this past year. For example the upstairs shower room has been converted to a much needed storage area; some offices have been upgraded and areas painted to keep the Centre looking professional and respectful to those using it; the new database, which will come on-line in 2014, while costly is essential to the running of the Centre and finally there has been on-going maintenance e.g. a new dishwasher was purchased.

We do have a number of concerns that will require further investment or investigation in the year ahead. Following work on the heating system during the year the Centre has been alerted to the fact that the system will soon need a total upgrade. The reluctance of the College authorities to allow DEC increase its car parking area by putting in 'honey comb' blocks on the grass area will have to be revisited. The ever increasing numbers attending the Centre necessitates that cars park on the grass and it is both dangerous and unsightly – particularly in wet weather. Furthermore, the growth in programmes and projects targeted at schools and the need for on-going training and in-service is putting undue demand on the Capital and local course funding to the Centre.

Finally, I would like to thank my colleagues on the financial sub-committee for their support over the past year. And I wish to make special tribute to the Centre finance team of Jennifer Norton and Michael Lyng.

Mary Friel Treasurer March 2013.

Auditor Report for the accounts of Drumcondra Education Centre

Audit Report to the members of the Management Committee Of Drumcondra Education Centre

We have audited the accounts set out on pages 1 to in accordance with Auditing Standards and have obtained all the information and explanations we considered necessary.

In our opinion, proper books of account have been kept by the Management Committee and the accounts, which are in agreement therewith, give a true and fair view of the state of affairs of the centre at 31st December 2012 and of its results for the year then ended.

In our opinion, the accounts have been prepared in accordance with the Administrative and Financial Guidelines for Education Centres issued by the Department of Education.

Date: 27 2 13

Note 1:

The DEC invoices the DES and the NCTE for the courses which they have run and these invoices are treated as income in the income and expenditure codes. However, as the DEC invoice more than they will subsequently receive, income is overstated in the income codes. This has resulted in a build up over the years in the debtor account and obviously has overstated the income in the accounts each year.

The Board have decided to write off this excess in 2012 which has been offset against the current year grant received for local courses.

Conflict Resolution Education (CRE)

1. MII Accredited Mediation Training Programme

June 2012 saw the first graduation ceremonies from the MII Accredited Mediation Programme. There were 23 graduates from the Drumcondra programme and 15 from the programme in Enniscorthy Education Centre.

The course has been running again in Autumn 2012 both in Drumcondra again with 12 participants, and for the first time in Sligo Education Centre (15 participants). Planning is well under way for a roll-out in 5 Centre venues in 2013.

2. Summer Courses

The annual summer course ran, as usual, in the first week of July. The course was fully booked. Participant evaluations were excellent.

It is planned to run two summer courses in 2013 with the title: **Conflict Resolution and Anti-Bullying Skills Development.**

We are also looking at the possibility in 2013 of running a second summer course for advanced practitioners, which will focus on case studies and advanced conflict resolution techniques. The course will also include Bullying casework.

3. Seminars

The programme hosted two seminars, both were fully attended and very well received by participants

The first was *Complaints: Implications for Schools Policy Development and its application for the School Organisation* and was co-developed by the Ombudsman's Office for Children.

The second was entitled **CYBER BULLYING AND E-SAFETY** "The Voice of the Child: Lessons for **Policymakers, Schools & Educators**" and was held over two days.

Both seminars cover core areas of need in the education system. They are central to conflict resolution work in schools and require an educative response with a conflict resolution perspective.

4. Other Services

CRE Drumcondra has provided a number of other services for schools during 2012. These include.

- · Parent Talks: Anti- Bullying, Anger Management, Conflict Resolution,
- · In-service Teacher Training: SALT Programme, Anti-Bullying, Anger Management.
- Conflict Resolution Intervention: Specific work in schools under their anti-bullying and complaints procedure policies.

There is scope to develop this area of work.

5. Partnership

Drumcondra Education Centre and the **Edward M Kennedy Institute for Conflict Intervention** have signed a protocol to work together, sharing and co-hosting events that are identified as important for the area of conflict resolution education.

6. Governance

As part of developing the programme, a sub-committee has now been set up under the aegis of the Centre Management Committee. *Marian Hackett* (former Management committee member) has been nominated Chairperson. There is a Protocol in place and work is being done on a business plan to be presented to the Board of Management at their April meeting 2013.

PROJECT MATHS DEVELOPMENT TEAM

Drumcondra AGM, March 2013.

Project Maths Development Team comprises of 1 National Coordinator, 1 Assistant National Coordinator and 16 Regional Development Officers.

Programme of Professional Development

Workshops

2011-2012: Workshop 6 and Workshop 7 delivered.

Workshop 6: 285 Workshops delivered in English and 10 as Gaeilge

Teacher attendance = 4,761

Workshop 7: 285 Workshops delivered in English and 10 as Gaeilge

Teacher attendance = 4, 752

2011-2012: Repeats of Workshop 4 and Workshop 5 delivered.

Repeat Workshop 4: 11 Workshops delivered, teacher attendance = 133

Repeat Workshop 5: 11 Workshops delivered, teacher attendance = 210

Workshop 8 to be delivered in Spring 2013.

CONTENT MODULAR COURSES

2011-2012: Content Course # 1 (Probability & Statistics), Content Course # 2 (Geometry & Trigonometry) and Content Course #3 available for teachers throughout the Local Education Centre Network. Content Course #3 new for 2011-2012.

Content Course #1: 3 delivered, 37 teachers attended

Content Course # 2: 2 delivered, 25 teachers attended

Content Course #3:21 delivered, 253 teachers attended

Content Course #4 to be delivered Spring 2013

School Visits

School visits for National Roll Out were conducted for the first time in Spring and Autumn 2012.

124 school visits were conducted.

In addition to the above support is offered through resources on the website www.projectmaths.ie

Work with the 23 schools Project Schools is ongoing

2011-2012: 144 school visits conducted with a focus on Lesson Study

Dr. Anne Brosnan, National Coordinator, March, 2013.

Autumn	6	74	0
TOTALS	24	363	1

General Overview

Whole School Training was again the most popular with Schools in <u>Spring 2012</u> seeking Interactive Whiteboard Training as a Whole School Training event.

In <u>Summer 2012</u> the whiteboard was still most popular with the whole school training. There were 3 courses run in the Centre, the 'Introduction to Scratch in the Classroom' being the most popular.

In <u>Autumn 2012</u> the attendance was mixed between Web 2.0 for Learning, Creating your schools website, eLearning etc. Many teachers are now opting towards administering their own website as well as developing an action plan for the development of e-Learning in their own school.

ICT Courses, Drumcondra Education Centre

Spring 2012

ICT Courses are offered to schools under the following categories:

(a) Courses in (or organised via) the Education Centre - see below;

Principals are invited to apply for support for courses in their own schools;

(c) Individuals and, particularly, Groups of Teachers (including Subject Associations) are invited to apply for support for courses;

(d) Individual Teachers are invited to submit details of courses they would like to deliver.

The list of courses being offered is as follows (Venue is **Drumcondra Education Centre**, unless otherwise stated); **P** = Courses available to **Primary** Teachers only; **PP** = Courses available to

Post-Primary Teachers only, B = Courses available to all Teachers; T/C = Tea/Coffee. No courses will run during the week of the Mid-Term Break (11th to 15th Feb)

RELATIONSHIPS & SEXUALITY EDUCATION AND CHILD PROTECTION REPORT 2012

2012 was a busy year for RSE and child protection. Each year the RSE Support Service offers primary teachers the option of attending a five hour course in RSE. The courses take place over two afternoons and are organised through the education centre network.

The numbers attending each year remain fairly consistent, at just under 1,000 teachers. The demand has remained steady, presumably due to the fact that new teachers come into the system every year. The feedback is always extremely positive. There are two reasons for this, firstly the training is practical with a focus on effective classroom methods, and secondly the associate team of trainers who deliver the courses are teachers with a huge level of expertise and a strong commitment to holistic education.

As a team we very much appreciate the efficiency and dedication of the staff in the education centres who organise the training for us. I'd like to thank them for all the work they do in sending letters, taking bookings, organising lunches and travel payments and generally making sure that everything runs smoothly for the trainer and the participants.

In addition to RSE courses, the support service also delivers child protection training to newly appointed Designated Liaison Persons (DLP), and information evenings on child protection to members of Boards of Management

Autumn 2011 saw the introduction of new Child Protection Procedures for Primary and Post Primary Schools. As a result we decided to run half day information sessions for all DLPS and DDLPs in the spring of 2012 in order to ensure that they were familiar with the changes in the new Procedures. In addition we also delivered the usual training days for newly appointed DLPs and information sessions for members of Boards of Management. In total 1059 people participated in these events.

Central to all the work that takes place during the year is Bernie Howard, who is unfailingly efficient, kind and helpful. I'd like to thank Bernie most sincerely for her work and support throughout the year and also to thank Eileen and all the staff in Drumcondra for their kindness and generosity.

Frances Shearer, National Coordinator for RSE and SPHE.

Write Minded Report to Drumcondra Education Centre

This report provides an overview of the activities and outputs of the *youngballymun* Write-Minded team from March 2012 to March 2013. There are in-school, family and community and policy to practice dimensions to the strategy.

The continuing day to day work of the Write Minded school strand is determined by the needs of each individual school established through consultation and reflection between school and service. It includes:

- The identification and dissemination of evidence-based models of best practice for literacy development
- Delivery of Continuous Professional Development
- Promotion and support for Whole School Planning for Literacy Development using a Balanced Literacy Framework
- Targeted interventions for individual or groups of pupils
- Ongoing assistance and support for literacy development including in-class support
- Interagency work.

Write Minded recorded and disseminated two locally made DVD's, "Jolly Phonics-an overview for Parents", and "Spread the Word"- parents and their children talking together, to parent groups in schools and in the community. Write Minded submitted a report to the Teaching Council on "Revised Entry Requirements for Primary School Training" stressing the need to ensure that the teaching profession was representative of all.

Some School Initiatives:

Literacy Initiatives being implemented in Ballymun Schools which Write Minded support include,

- Story time for Junior & Senior Infant pupils and their parents who attend after school readaloud sessions to encourage parent-and-child reading
- Vocabulary Games and "Language Towards Literacy" Programme which continue to support oral language development
- Paired Reading one-to-one reading for pupils with a variety of partners including parents, transition year students, and students from DCU University through the SUAS volunteer project

A comprehensive Transitions Programme is being implemented in all Ballymun schools with inclass support delivered by the Write Minded team. A booklet for parents, "A Guide for Parents –Transition from Primary to Secondary School for Ballymun pupils"- was compiled and disseminated to parents of sixth class pupils. Workshops on "Learning Styles" and "Study Skills" were delivered in collaboration with local "DCU in the Community" personnel for first year Secondary School pupils. A session for third year Secondary school pupils on "Exam Skills" will take place later this month.

Professional Development:

Training and Cluster Meeting support for First Steps Tutors of Reading, Writing and Speaking & Listening continue. The Ballymun area has thirty trained literacy tutors. Professional development is provided on an ongoing basis to whole school staff. Tailored Whole School Plans for Literacy implementation in schools were revisited in May and June 2012 and revised two year plans put in place for school years 2012/2013 and 2013/2013

Family & Community Strand

Families and communities are vital change agents in developing good literacy and learning practices.

Language and literacy are the fundamental foundation to children's expression of themselves, their ability to communicate and central to building relationships with others. Parents are a significant resource that can be activated to support children's literacy development.

youngballymun recognises the critical role parents can play as change agents and have used a dynamic change strategy to engage with and catch the attention and imagination of parents with programmes such as Story Sacks, story time, Breakfast Buddies, and the Incredible Book Club. Breakfast Buddies was recently showcased by Atlantic Philanthropies as a successful family literacy initiative. You can watch the link here http://www.atlanticphilanthropies.org/caroline-story-how-early-literacy-programme-helped-her-children.

A recent family and community initiative was the production of a DVD "Spread the Word!" this short DVD made by Ballymun families for Ballymun families brings to life 10 useful tips on how families can support their children's talking from when they are babies all the way up to when they are teenagers and Beyond! The spread the word DVD can be viewed using this link http://www.youngballymun.org/news/news article

Youngballymun Write minded works in partnership with local communities to increases the focus, quality and time placed on literacy activities in community settings. Literacy activities are integrated into existing community programmes and the summer slide initiative for out of school projects in the summer holidays continues to be successful. Write minded youngballymun continues to produce a summer activity book for use by parents and children over the summer holidays and over 1700 children received the summer slide activity book and 529 senior infant and first class pupils received story book and activity pack in 2012 .

<u>Incredible Years: Report to Drumcondra Education Centre 2012</u>

This report provides an overview of the activities and outputs of the Incredible Years (IY) programme in Ballymun for the period March 2012 to March 2013.

Incredible Years is an evidence-based school and home programme for teachers, parents and children. It is proven to support positive emotional and social development in primary school aged children, positive and practical parenting and effective classroom management. The Incredible Years service is designed in collaboration with schools and community organisations and is delivered in partnership with Drumcondra Education Centre and with Archways, the national promoter of Incredible Years in Ireland.

The Incredible Years Programme is running in 9 schools in Ballymun: Dina School and Parent Programmes run in Holy Spirit Boys, St. Joseph's Junior, Virgin Mary Boys and Girls Schools, Our Lady of Victories Infant and Gaelscoil Bhaile Munna while the teachers in St. Joseph's Senior, Scoil an tSeachtar Laoch and in Holy Spirit Girls School are using the strategies and approaches of the Incredible Years Teacher Classroom Management Programme in their classrooms.

Key Events for the Incredible Years Service during 2012

- The study to support the implementation of a Whole School Ownership approach to Incredible Years was completed by Professor Mark Morgan in November 2012.
- Four Parent Group Leaders are now certified Parent Group Leaders in the Incredible Years: Parent Training Series by Carolyn Webster-Stratton Ph. D.
- Two members of staff from BEST (Ballymun Educational Support Team) School Completion Programme are now certified Dina Group Leaders in the Incredible Years: Dina Dinosaur's Social Skills and Problem-Solving Curriculum series by Carolyn Webster-Stratton Ph. D.
- Delivery of the IY Parent Programmes has expanded to include: a programme for parents of toddlers, a targeted 20 week programme and a school readiness programmes for parents of incoming Junior Infants.
- Two teachers have trained in the delivery of Teacher Classroom Management Leader Training.
- Since commencement of the IY service: 645 children have received the Child Programme, 105 teachers and classroom support staff have trained in at least one IY component and 374 parents have participated in IY Parent Programmes.

Martina Gannon, Breege Breheny, Lana McCarthy. March 2013.

TÓRAÍOCHT REPORT 2012

Postgraduate Diploma in Educational Leadership (Tóraíocht)

The Post-Graduate Diploma in Educational Leadership (**Tóraíocht**) is offered in partnership between the National University of Ireland Maynooth and Professional Development Service for Teachers (PDST). The course leads to a Level 9 qualification (60 credits).

The programme is delivered nationally in Education Centres and in the Education Department at NUI Maynooth on an annual basis. Sessions are held from September until April with a blend of lectures and on-line assignments. Drumcondra Education Centre was a designated venue for the academic year 2011-12 and for 2012-13. Over 100 teachers have availed of the course during those years.

Tóraiocht is about exploring the challenges and opportunities involved in school leadership. The course modules centre on the leadership of learning, of people and of the organisation. Time is spent considering the capabilities, personal and professional, contributing to successful, life-enhancing school communities. A wide variety of methodologies are used in both presentation and assessment, including the opportunity to practice leadership skills through the completion of a school-related action research project. The course is designed and delivered by staff from NUI Maynooth and PDST.

Subject to sufficient numbers of qualified applicants, Drumcondra Education Centre will be offered as a venue for the course for the coming academic year, 2013/2014. Applicants must be qualified teachers with four years full-time teaching experience.

Application for the course must be made online through the Postgraduate Application Centre (PAC) system at www.pac.ie

Further information relating to the application process is available from education.department@nuim.ie or <a href="mailto:mailt

Course information available from carmellillis@pdst.ie and paula.kinnarney@nuim.ie

CIRCUS AND FAIRGROUND SCHEME 2012

Report on the CFSS 2012:

The CFSS is an educational Support Service for Primary School pupils of Circus and Fairground families while they are on tour and away from their base schools.

It is operated through the network of Education Centres - with Limerick Education Centre being the lead Centre. It is funded by the DES.

The Limerick Regional Office of the DES now has responsibility for the CFSS.

The overall number of call-outs in 2012 was virtually the same as 2011.

All teachers working with the CFSS must be fully qualified, fully probated and full members of the Teaching Council.

The CFSS continues to be very much appreciated by the C&F families. Without it the families would be split up during the season – with the pupils having to remain at home with relatives or neighbours.

It is very important that such an efficient and effective service be maintained.

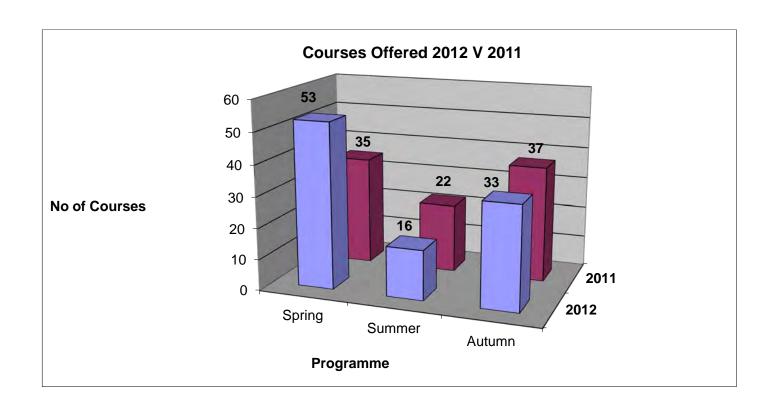

Many thanks to the Director and Staff of all the Education Centres, who are part of the scheme, for their continued support of the CFSS.

Mary M. O'Connor,

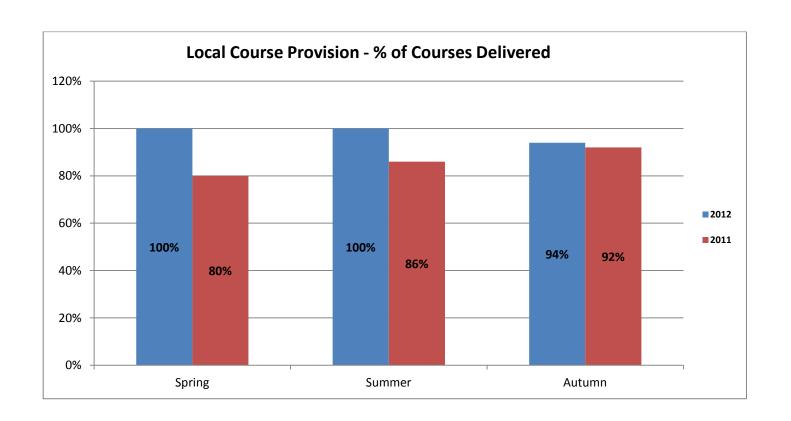

National Coordinator CFSS

8th February 2013.
