

NATIONAL WEBINAR

Supporting Secondary School Students with Muscular Dystrophy and Related Neuromuscular Conditions

Participants will gain:

- Enhanced knowledge of muscular dystrophy and related neuromuscular conditions
- Insight into the barriers and challenges that students living with these conditions may experience
- Practical strategies for fostering an inclusive and supportive learning environment.

The webinar will include inputs from:

- members of the Muscular Dystrophy Ireland team,
- a young adult living with muscular dystrophy,
- and the following health professionals with specialisms in neuromuscular conditions: clinical psychologist, occupational therapist and physiotherapist.

Facilitator:

Muscular Dystrophy Ireland

Muscular Dystrophy Ireland is a voluntary, member-led organisation. Our vision is for people with neuromuscular conditions to be able to live in a society where they can participate fully and reach their potential. We provide information and support to children and adults with neuromuscular conditions and their families through a range of services. We advocate for services and entitlements for members. We strive to educate and inform society about neuromuscular conditions. We support researchers and clinicians to carry out quality research into neuromuscular conditions.
